

## **E** Default shut down times – High, Very High and Extreme Fire Danger

Refer to your specific forest's Fire Plan.

Ernslaw One's duty officer may override these times or close the forest.

### 1. On days when the Fire Danger is **HIGH**:

- All chainsaw machinery and moving ropes in the cutover finishes at **3 pm**
- All processing on the landing is to finish by **4 pm**
- Final trucks are to be loaded and all out of the forest at **5 pm**
- A crew member must stay behind to monitor the worksite until **5 pm**

### 2. On days when the Fire Danger is **VERY HIGH**:

- All chainsaw, machinery and moving ropes in the cutover finishes at **2 pm**
- All processing on the landing is to finish by **3 pm**
- Final trucks are to be loaded and all out of the forest at **4 pm**
- A crew member must stay behind to monitor the worksite until **4 pm**

### 3. On days when the Fire Danger is **EXTREME**:

- All chainsaw, machinery and moving ropes in the cutover finishes at **12 pm**
- All processing on the landing is to finish by **1 pm**
- Final trucks are to be loaded and all out of the forest by **2 pm**
- A crew member must stay behind to monitor the worksite until **2 pm**
